

COVID-19 Response Survey – Leader Version:

1. Have you ever heard of the new coronavirus disease called COVID-19? Yes or No

11. For the following statements, tell me if you strongly agree, agree, disagree, strongly disagree or have no opinion:
 - 11.1. There are actions you can take to protect yourself from becoming sick with coronavirus or prevent spreading it to others.
 - 11.2. There is nothing I can do to prevent the spread of the disease or protect myself from getting sick.
 - 11.3. It is important to take actions to prevent the spread of coronavirus.
 - 11.4. People in my community consider it important to take actions to prevent the spread of coronavirus.
 - 11.5. It is important that people in my community practice social distancing.
 - 11.6. People in my community consider it important to practice social distancing.
 - 11.7. In the past 14 days, have you observed the government’s recommendations on social distancing?

ONLY IN ROUND 1: {

If 11.5 is not YES: I would like to read you some important health facts approved by the Mozambican Ministry of Health. “Social distancing is essential for the prevention of COVID-19. This means limiting face-to-face contact less than 1.5 meters away or direct physical contact with those outside your household or those who may have COVID-19.”

If 11.5 is YES: You have expressed support above for some actions relating to social distancing.

17. Can we have your permission to tell others in your community that you “support social distancing, are practicing social distancing, and encourage others to do the same”? YES or NO

OPTIONAL NOTE: Our study team is administering telephone surveys to households in your community about COVID-19. While every community is a little different, we survey about 30 households and no more than 50 households per community. If you say “yes”, we may share your endorsement of social distancing with some of the households during their telephone survey. Your endorsement will likely be shared with approximately 10 households and no more than 15 households in your community. }

9. We want to ask you about you and your household’s contact with friends and neighbors who are also in our study. *(If community leader or prominent individual, the following is asked for a randomly-selected subset of individual study participants in community)*
 - 9.1. Please confirm: Do you know anyone from the household of \${contacts_headname}? Other members include: \${contacts_hhnames}.
 - 9.2. IF YES to (9.1), have you talked to anyone from that household in the last 14 days?
 - 9.3. If YES to (9.2), did you exchange information about coronavirus?
 - 9.4. If YES to (9.2), did you exchange information on social distancing or preventative behaviors?
 - 9.5. IF YES to (9.1), Have you seen anyone from that household in the last 14 days?
 - 9.7. IF YES to (9.5), did he/she come closer than 1.5 meters to you or others not of his/her household at any point in the last 14 days?

- 9.8. IF YES to (9.5), did he/she shake hands, try to shake hands, or touch you or others not of his/her household in the last 14 days?
- 9.6. IF YES to (9.5), did he/she appear to be observing the government’s recommendations on social distancing (avoid large gatherings and keep at least 1.5 meters distance from people not of his/her household)?
- 9.10. **IF YES to (9.7):** Did he/she wear a mask when he/she came closer than 1.5 meters to you or others not of his/her household?
- 9.9. IF YES to (9.5), did he/she appear to be wearing a mask **at all times** when interacting with you or others not of his/her household in the last 14 days?

IF TIME:

Extra Questions if Time (conditional on survey duration up until this point):

- 28. If the government of Mozambique asked members of your community to not leave their home for three weeks, do you think they would be able to do it? Please answer honestly. Answers are confidential. *Yes, No or Don't Know.*
- 29. I am going to list several possible reasons that people might have to leave their home, even if the government says not to. For each option, say “YES” if you think your community would have to leave the house for the same reason, and say “NO” if not.
 - 29.1. Going to work somewhere other than the household’s farm
 - 29.2. Going to work on the household’s farm (if applicable)
 - 29.3. Going to market to buy food for the household
 - 29.4. Going to a store to buy food for the household
 - 29.5. Going to the pharmacy
 - 29.6. Going to the hospital / receiving medical treatments
 - 29.7. Taking care of dependents
 - 29.8. Meeting friends or relatives
 - 29.9. Doing physical activity (e.g. exercising, jogging)
 - 29.10. Getting tired or bored of being inside of the house
- 30. WHO_17_modified: Do you think the coronavirus disease is generating or will generate stigma against people who get sick?
- 31. Do you think people sick with coronavirus now will be excluded from their social circles after they recover and are no longer sick?
- 32. Do you think people get sick with coronavirus because they have done something wrong or irresponsible?
- 40. Have you heard of \${lipname} (the local implementing partner of the FCC program) before?
- 41. Has the \${lipname} contacted you since March 2020?
- 42. To the best of your knowledge, has the \${lipname} been active in your community since March 2020?
